DISASTER SERIOUSLY DELAY

(Special Cabie to The Star.)

PANAMA, September 29.—A great landslide has occurred at the Culebra cut in the Panama canal. The heaviest operations were under way in this cut, and the biggest digging machinery in use was employed there, the Culebra cut being one of the largest and most difficult sections of the entire canal operations,

Details have not yet been received as to the extent of the damage and filling in caused by the landslide, but it is reported that there is considerable damage to machinery, and that a vast amount of the excavation work will have to be done over again.

DEMOCRATS OF NEW

ROCHESTER, N. Y., September 29-Judge Alton B. Parker, who was the Democratic candidate for President in the campaign of 1904, was chosen today for temporary chairman of the Democratic State convention. The convention has adjourned until tomorrow.

The matter of a candidate for governor is still undecided. The leaders had hoped to persuade Mayor Gaynor of New York to run, and his final refusal leaves them without any candidate. The Republican nomination of Stimson, with the news that Roosevelt intends to stump the state for him, has given the Democrats a hard situation to face politically, as it is said that Stimson will have the support of the Hearst independents.

A Tammany coalition dominates the Democratic convention, and it is expected that a Tammany man will be chosen for the head of the

GOVERNOR HASKELL PROSECUTION QUITS.

McALESTER, Oklahoma, September 29-The criminal charges against Governor Haskell have been dismissed on motion of the prosecution. Counsel for the government declared that it would be impossible to convict under the limitations upon testimony which were made by the rulings of the court. Haskell was being prosecuted for soldiers. Thompson was beaten into alleged land fraud in connection with Muskogec town lots, but the cases came to an abrupt end when the prosecuting officer, after the court had ruled against him several times on admission of evidence, decided to move the dismissal of the charges.

TARIFF BILL DENOUNCED.

PROVIDENCE, R. I., September 29.—The Democratic state convention has nominated Lewis Waterman for governor, and has adopthead against a stone wall, but if we started the fight. The case is not yet ed a platform denouncing the Payne-Aldrich tariff law.
